

```
#include<stdio.h>

int main(){
    //1. Write a C program to find the length of a string.
    char ch[30];
    int len =0,i=0;

    printf("Enter string : ");
    scanf("%s",ch);

    while(ch[i]!='\0'){
        len++;
        i++;
    }

    printf("Length is %d\n",len);

    return 0;
}
```
